

Beverenstraat, Amsterdam

The Beverenstraat is a small, quiet street located in the Slotervaart Zuid area of Amsterdam Nieuw-West. This residential corner is characterized by mid-20th century construction, primarily consisting of apartment buildings and a focus on community living. The area is generally peaceful and diverse, offering residents a balanced life with easy access to green spaces like the nearby Rembrandtpark and Sloterplas. The street provides good local amenities, with essential shops and services available, and benefits from excellent public transport connections to the city center and other parts of
