Haringbuisdijk, Amsterdam

The apartment is located within the iconic Sluishuis building, a landmark piece of modern architecture situated at the entrance of IJburg (Steigereiland) in Amsterdam. Designed by the renowned Bjarke Ingels Group and Barcode Architects, this striking residential complex is famous for its cantilevered design that appears to float above the water of the Buiten-IJ. Living at this address offers a unique waterfront lifestyle in a very efficiently energy building that prioritizes both sustainability and high-end design.
